

Azim Premji University (APU) and Ramanujan Mathematical Society (RMS)

Joint Programme in Mathematics Teachers' Training

The aim of the programme is to hold workshops at selected schools in different cities across India. The main purpose of these workshops is to create viable platforms where teachers (and through them children) from schools across the country can share their original observations and discoveries and where beautiful results in school level mathematics can be shared, written about and discussed. Each workshop will consist of 30 high school teachers. Each group of teachers will be invited to a similar workshop at a later date.

The APU-RMS Teachers Training Program Committee:

- **Ambat Vijayakumar** (Chairman)
